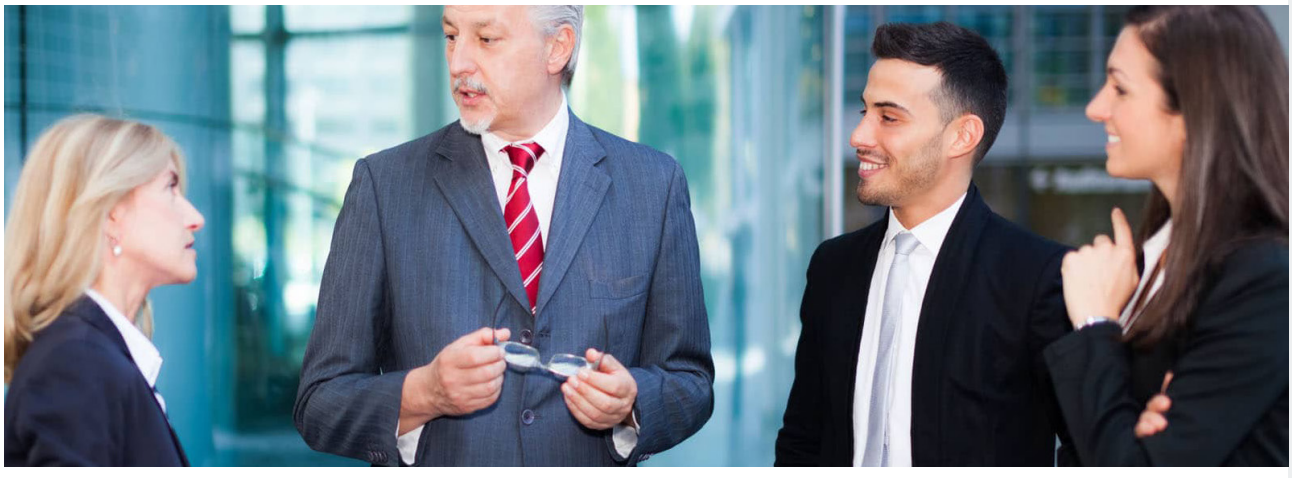
Capability Statement

ABT Group

Manage, access and secure your premise, with ERP, Online, and Security Solutions.

ABT
applied business technology

With over 30 years of operations, ABT Group are leaders in the delivery of professional IT services.



"We went through our requirements together with an extensive outsourced tendering process and found Pronto Xi from ABT to be the best fit for our stationery dealers' processes.

The software is reliable and well proven over 30 years, and the future roadmap of development ensured we would be current and up to date for many years to come.

We were able to deal directly with a reseller (ABT) that had implemented dozens of like customers."

Greg Wiggill

IT Manager, Office Choice

"We've been an ABT client for about 14 years now and as always ABT met my expectations fully. Also the training ABT supplies is very worthwhile and very well run"
